

List of Lessons for Introduction To Astrology

The Foundation - Module 1 with Catherine Potter

In Module 1 the student will learn the language of astrology as well as look at the first layer of the natal chart. Module 1 courses are suitable for people with little or no astrology knowledge as well as those who wish to review. There is an emphasis placed on looking at astrology in a more holistic way and through the lens of different states of awareness which allows fuller understanding and expression of the birth chart.
